## VENUE DETAILS

The Augsburg Eiskanal (Augsburg Ice Canal) is a whitewater facility and was built for the canoe slalom competitions at the 1972 Summer Olympics. It is the oldest man-made canoe slalom course in the world. The Augsburg Ice Canal was included in the UNESCO World Heritage List on July 6, 2019 as a separate object of the "Augsburg Water Management System".

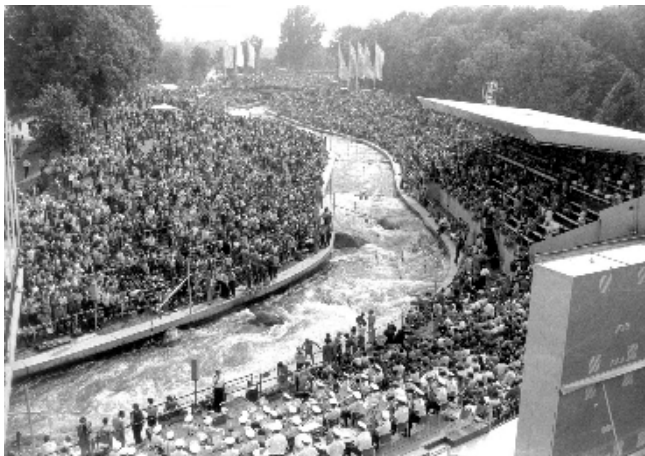

The entire area around the canal was completely renovated for the 2022 World Championships and is now called the Olympic Park.

This is the first season for the ECA Junior Cup to return to the course of the World Championships of 2022!
